

**COUNTY OF YORK**  
**MEMORANDUM**

DATE: May 1, 2000

TO: Jim Barnett, County Attorney

FROM: Connie Bennett, <sup>CCB</sup> Stormwater Engineer

SUBJECT: Easement – Rollins Property and Yorkminister Presbyterian Church

Per our conversation on Friday April 28, 2000, I am providing you with an explanation on the abandonment of a drainage easement along the property line between the two parcels mentioned above. The referenced easement was over a drainage ditch that accommodates drainage from both parcels that are owned by two different parties. The parcel in the rear that is to remain with the Rollins drains in the opposite direction. Once the Church purchases the parcel from the Rollins, the Church will own all the property that the ditch provides drainage for. Therefore, it will be unnecessary for the County to maintain the ditch. The easement should not be abandoned until after the Church has purchased the property.
